Definition of **Key Terms** for DHA PBV Program

25-units or 25% CAP: The greater of 25-units or 25% of the units in a project can receive PBV assistance. Exceptions to this limit are permitted for: units exclusively for elderly families; units for households eligible for supportive services available to all families receiving PBV assistance in the project or units where the project is located in a census tract with a poverty rate of 20 percent or less.

Affordable Housing Deed Restriction: A legal document generally referenced in and recorded with the deed for the affected units, which requires that the units be rented or sold to households at or below a particular income level for a specific period of time.

Assisted Living Projects: Generally, efficiency or one-bedroom units for individuals who can live independently but need some assistance with certain activities of daily living, where assistance is provided on site by qualified care providers not related to the residents. All facilities must be licensed.

Census Tract Locator: Census tracts and their poverty rate can be found at: <http://factfinder.census.gov/servlet/BasicFactsServlet> - by typing in the complete address and **correct** zip code.

De-Concentration Requirement: All new assistance under the PBV program must be for units located in census tracts with poverty rate of less than 20%.

Existing Housing: These are rental units that may be occupied or ready for occupancy and substantially comply with HUD housing quality standards (HQS).

HAP Contract: The Housing Assistance Payment (HAP) contract is an agreement between the owner and DHA that sets forth both parties' responsibilities and obligations to each other and commits to provide PBV subsidy for the approved units during the term of the HAP contract.

Homeless: A household that has no permanent residence, including those living in a temporary shelter for the homeless, leaving a transitional housing program, leaving an institution where they have been a resident for more than 30 days with no home to go to, living on the street or in a car.

HQS: HUD's housing quality standards for the tenant-based Section 8 Housing Choice Voucher Program (HCVP) and the Project-Based Voucher (PBV) program. All HQS requirements for both the HCVP and the PBV programs can be found on the HUD website.

HUD-designated Enterprise Zone, Economic community or Renewal Community: EZ, EC and RC are distressed urban and rural communities where qualifying businesses are eligible for billions of dollars in tax incentives.

Permanent Supportive Housing: Supportive housing is a successful, cost-effective combination of affordable housing with services that help people live more stable, productive lives.

Project-Based Vouchers/PBV Assistance: Section 8 tenant-based vouchers (from its Housing Choice Voucher Program portfolio) that are committed to a building under a PBV Housing Assistance

Payments (HAP) contract for a specific period of time. Unlike the tenant-based voucher program, project-based vouchers are not mobile. When the tenant vacates the unit, the unit will continue to receive PBV subsidy, provided the PBV contract has not been terminated or expired.

Uniform Relocation Act: A displaced person must be provided relocation assistance at the levels described in and in accordance with the requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (URA) (42 USC 4201-4655) and implementing regulations at 49 CFR part 24.

Subsidy Layering Review (SLR): SLR must be completed and approved by HUD for all “existing” and “development” PBV projects that utilize other publicly supported housing funds. The SLR is “intended to **prevent** excessive public assistance for the housing by combining (layering) housing assistance subsidy under the PBV program with other governmental housing assistance for federal, state, or local agencies, including assistance such as tax concessions or tax credits” (24 CFR 983.55).

SLR submission process...to be implemented AFTER DHA selects an application

1. The applicant must submit to DHA all the information required by the HUD mandated SLR checklist that can be found on the HUD website.
2. DHA must review the SLR package prepared by the applicant for completeness and consistency with program requirements.
3. If it appears complete and acceptable, DHA must forward the SLR package to HUD’s Hartford office. This office will also review the material, and if found acceptable, submit it to HUD Headquarters for final review and approval.

Because of the multiple reviews involved in completing an SLR review (HUD Hartford and HUD headquarters), DHA will immediately advise applicants that a final award of PBV cannot be made until this review is completed and approved by HUD.
